**Name of Work:** Plantation of 15000 trees at Additional Butibori MIDC area at village DhawalPeth on Wardha Road & elsewhere including maintenance for three years.

**Tender No:** N1-LS-19/2025 Dated: 21.03.2025

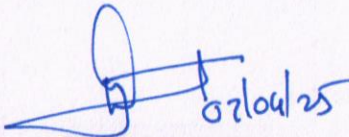

S No	Bidder's Query	Maha-Metro Reply
1.	<p>We request you to please add a qualification condition to strengthen the tender. As it is a purely plantation contract and specifically plantation contractor should participated so they condition of. The tenderer should have experience of plantation of 15000 tall plant experience in single order.</p> <p>This will check the working capacity also and other civil contractor with less plantation combined in civil work will not be considered.</p>	<p>Tender condition prevails, as per clause no. 3.2 minimum eligibility criteria of bid document.</p>
2.	<p>As per the item no. 12 and 13 of Part A and in schedule B, it states the use of Self watering tree guard and we see no specific experience asked for it in the evaluation criteria clause 3.2 of the tender document. You are requested to clarify on whether the bidder needs to have the experience of self-watering tree guard in similar nature of works. Plantation in self-watering tree guard is a special nature of work and it is helpful for the department to have experienced contractors who have specifically done plantations in self-watering tree guard. It is very crucial to maintain the plants planted in unprotected areas and an experienced firm who has worked in the technology of self-watering Tree guard can be helpful in maintaining the plants in a good manner.</p>	<p>Tender condition prevails.</p>

3.	The tender documents explain the work as Tree plantation and maintenance for 3 years, whereas the experience criteria has not specified any criteria for maintenance of trees/ plants/garden. Does this mean that we can simply submit the experience of development work or plantation without any maintenance or some period of experience is required in the same work to qualify the evaluation criteria as per clause 3.2.	As per note no.1 of sr.no. 3.2 Section-3 Eligibility Criteria it is mention that "bidder should have satisfactory executed *Similar work of Development of Garden/ Horticulture work/ Plantation of Trees along with Maintenance of Garden/Trees/ Plants".  The experience certificate indicating above needs to be submitted by the bidder while submitting the bid document.
